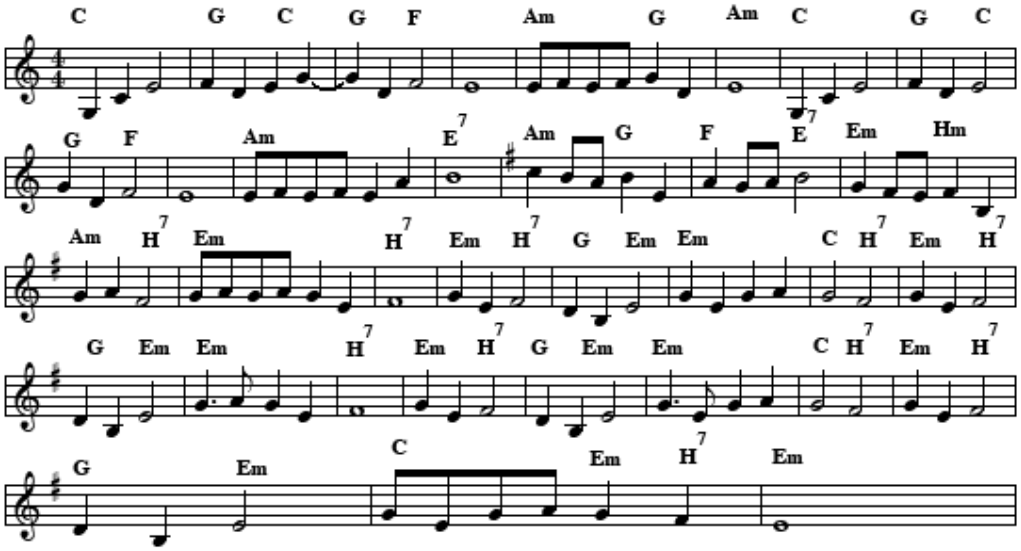
1. Non violence



Text & Melody: Poul Pedersen © 1996

How can safety and peace be obtained,
for all people in the world.
If we'd all help it might could be gained.
stop all armed fights at all.
If we more equal share all on earth,
no more so frequent war occurs.
Decent life for all on earth.
Crime and war give just more
damage and destruction.
In this world we must all
work together now.
Never cease work for peace,
moderate consumption.
Violence we must end,
must defend environment
