From the newspapers, radio and tv we daily must face the suffering and hungry people in the world. Often the result of war and greedy exploitation.

As a lucky person, born in Denmark, now retired, and a grandfather, I am often worried about life for present and future generations on this Earth.

When trying to put words on this thought, it is very often in form of song text.

Since 1990 I have made melody and text for 17 songs in aim for peace and harmony in our world.

In 2008 I had assistance from Wedgwood studio, to print the music notes and play the melodies on a music CD.

My songs are in Danish, and now also written in English. (as a native Danish speaker)

I don't have any illusions for earning money on that and consequently make no marketing, but I hope it can spread my message to other people.

Silkeborg June 2010

Poul Pedersen

can. agro. Former economy advisor in agriculture

Member of "Aldrig Mere Krig", Danish section under **War Resisters International**

1. Non violence

The image shows a musical score for the song 'Non violence'. It consists of five staves of music in a 4/4 time signature, with a key signature of one sharp (F#). The melody is written on the top staff, and the accompaniment is written on the four lower staves. Chord symbols are placed above the notes on each staff. The chords include C, G, F, Am, E7, Hm, H7, and Em. The melody is a simple, melodic line with a mix of quarter and eighth notes.

Text & Melody: Poul Pedersen © 1996

How can safety and peace be obtained,
 for all people in the world.
 If we'd all help it might could be gained.
 stop all armed fights at all.
 If we more equal share all on earth,
 no more so frequent war occurs.
 Decent life for all on earth.
 Crime and war give just more
 damage and destruction.
 In this world we must all
 work together now.
 Never cease work for peace,
 moderate consumption.
 Violence we must end,
 must defend environment

1. Peace guard

The image shows a musical score for the song 'Peace guard'. It consists of five staves of music in a treble clef, with a key signature of one sharp (F#) and a 4/4 time signature. The melody is written on the top line of each staff, and the chord progression is indicated by letters above the notes. The chords used are C, G, F, Am, E7, Hm, H7, and Em. The music is a simple, folk-style melody with a steady rhythm.

Text & Melody: Poul Pedersen © 1996

In our peace guard watch we just are saying:
 Denmark should not be at war.
 To the rulers all of us are saying:
 The World needs not any war.
 By Christiansborg we steady will stay
 Telling our message day by day
 Telling war is not the way.
 Bombs and fire of war
 will not help poor people
 Will destroy life on earth
 Can create no good.
 We must work hard for peace
 so all could be able
 To exist and have food
 have a new tomorrow good

2. Hope for peace

The musical score consists of four staves of music in a 4/4 time signature. The chords are written above the notes. The first staff has chords: C, Am, C, Am, C, Dm, G', C, Am, C, Am. The second staff has chords: C, G, C, F, Dm, C, G, C, F, Dm. The third staff has chords: Em, G, C, C, Am⁷, F, Am, C, Am, Dm, G⁷, C, Am. The fourth staff has chords: F, Am, C, F, G, C.

Text & Melody: ...Poul Pedersen © 1996 - PAXmusik.dk

1. Peace on Earth hope for peace on Earth, all over the World.
 We no more will have any war, we just want a peaceful world.
 Wishing dreams I do that all people should live in peace.
 Will my dreams come true, so all people would live in peace.
 If on Earth we all just will care for life not kill.
 Work for food and health for all, we could build a peaceful world.

2. We must all work together all, all over the World.
 Must defend the environment, that's the best defense at all.
 Bad environment will the threat to all people be,
 Just my nightmare dream, or the ice cold reality.
 Work together we must all people in the world.
 Work for health and life for all, all the people in the World.

3. Why

Text & Melody: ...Poul Pedersen © 2001 - PAXmusik.dk

1. Why will people on this Earth not live in peace together
 Fight for language, faith an in dependency.
 Bombs and guns and landmines never make conditions better,
 Many people will be left in poverty.
 Fights for left and right ideas, for power and influence.
 Fighting for fanatic leaders, will all fighting never end.
 If all people would together work for food and health for all,
 All the people could together build a peaceful world.

2. Why all ends in violence instead of work together,
 Work for life for all the people on this Earth.
 Civil war and terror never make conditions better,
 Making hunger for the poorest people worse.
 Every time a bomb is shed, or people fight with guns,
 Arms industry earning better still will be the winning ones.
 Use of violence will never help for better welfare be,
 Arms industry so forever we as winner see.

4. Will the war never ended be

The image shows a musical score for the song 'Will the war never ended be'. It consists of five staves of music. The first four staves are in 3/4 time and feature a melody with various chords indicated above the notes: C, G7, C, Dm, G7, C, C, G7, C. The fifth staff is in 2/2 time and features a melody with various chords indicated below the notes: G7, C, G7, C, C, G7, C, C, G7, C, Dm, G7. The score is written in treble clef.

Text & Melody: ...Poul Pedersen © 1993/1994 - PAXmusik.dk

1. Will the war never ended be, - shall we see,
 war on Earth to eternity?
 Why can't we - stop insanity?
 All the goods work is building up, war brings to destruction.
 All of us - we must now say stop, - say objection!
 All the people shall, work for peace together.
 All the people shall, live in peace in the world.

2. War is never the troubles worth - spoil the earth.
 Hunger so getting worse and worse
 on the Earth - on this globe the Earth.
 All the goods work is building up, war brings to destruction.
 All of us - we must now say stop, - say objection!
 All the people shall, work for peace together.
 All the people shall, live in peace in the world.

3. We shall care for each place on Earth - save the Earth.
 So all people can live on Earth
 human worth - all over the Earth.
 All of us shall be building up, stop all our destruction.
 All of us shall be working up - good production.
 All the people shall, work for peace together.
 All the people shall, live in peace in the world.

5. A song about peace

The image shows a musical score for the song 'A song about peace'. It consists of six staves of music in G minor, 3/4 time. The key signature has two flats (Bb and Eb), and the time signature is 3/4. The music is written on a single treble clef staff. The notes are mostly quarter and eighth notes, with some rests. The chord progression is as follows:

- Staff 1: F, Gm, C7, F
- Staff 2: Gm, C7, Gm, C7, F, Gm, C7, F, Gm, C7, F
- Staff 3: Gm, A7, Dm, Gm, A7, Dm, A7
- Staff 4: Bb, A7, Dm, Bb
- Staff 5: A7, Bb, A7, Bb, A7, Bb, A7
- Staff 6: Bb, A7, C7, D

Text & Melody: ...Poul Pedersen © 1992 - PAXmusik.dk

1. Round the world,
hunger war and crime around the World.
All over the world.
Oh, why can't we get a peaceful world.
What the people build so clever,
war so swift is blowing down.
Don't we dare to dream that ever,
people live in peace the whole world around.
Fights so cruel and cold for silver and gold - and goods.
But it's from the mould in fields we shall grow our food.
If we are all working tough, - we can all get enough,
to live healthy and happy together in peace, with peace.
If all the people work for this case,
can our World be a nice peaceful place.

2. Crime so cruel,
why do people break the legal rules?
violence so cruel,
why don't people know the humane rules
cheating, stealing and exploiting,
keeping norms of moral down.
Gangsters, gamblers, much are spoiling.
oh alas, how long shall this still go on.
Fights so cruel and cold, for silver and gold - and goods.
Destroying the mould so fields don't give proper food. If
we are all working tough, - we can all get enough,
to live healthy and happy together in peace, with peace.

If all the people work for this case, can
our World be a nice peaceful place.

3. On this Earth,
where we all are members by our birth.
On this globe, the Earth
fights and crime makes hunger worse, still worse.
Where just all wants higher living, never seem to get enough.
Big pollution problems giving,
where we still are making enemy blocks
On this globe now it's time, to stop all the fight and crime.
And to use all our wealth, to improve people's food and
health. If we are all working tough, - we can all get enough,
to live healthy and happy together in peace, with peace.
If all the people work for this case,
can our World be a nice peaceful place.

6. Paradox of War

The image shows a musical score for the song 'Paradox of War'. It consists of four staves of music in 4/4 time. The first staff has a key signature of one flat (Bb) and a common time signature (C). The second staff has a key signature of two flats (Bb, Eb) and a common time signature (C). The third and fourth staves have a key signature of two flats (Bb, Eb) and a common time signature (C). The music is written in a treble clef. Chord symbols are placed above and below the notes. The chords are: C, C7, F, C, G7, C, D, G, C, F, C, G, C, D, G, Am, Dm, Am, Dm, Am, Dm, E, Am, Am, Dm, Am, Dm, F, C, C, G, C, C7, F, C, F, F, ma7, C, Gsus4, G, C, C7, F, C, F, F, ma7, C, G6, C.

Text & Melody: ...Poul Pedersen © 1994/2007/2009/2010 - PAXmusik.dk

1. Why must we still war and trouble see,
on this globe where we are living.
And why is it so unpeacefully.
Are we never peace achieving
Could an explanation be – social inequality?
with increasing poverty – and disgusting luxury.
Peoples locked in poverty, – hopeless situated,
by fanatics' policy – easy persuaded.

2. Nothing's ever won by any war.
Only damage and destruction.
Arms industry's trader earning more.
Suffer will the population.
People who unpeaceful speak – public as in parliament,
and will no agreement make, – should themselves to war be sent.
Many people are in war, – losing life and living.
when the ruling people are, – no agreement giving.

3. Even countries in worst poverty
have amazing wealthy people,
who spend vast amount on luxury,
making country miserable.
Instead of development. – they to foreign country sends,
money in a large amount, – to a secret bank account.
While collect for aid is made – in the richer nations.
Still the rich don't moderate – greedy exploitations.

4. Was from all the secret bank accounts
five per cent each year donated.
To a U.N. led global fund.
Many things could be created.
Reconstructed so could be, – after wars brutality,
help for health and growth for all – all the people in the world.
Stop all wars hypocrisy – trader's lubrication.
Looser will forever be – poorest population.

5. Country rich and people very poor,
far too often is observed.
Fights about the minerals occurs,
prosper not always deserved.
If on minerals were paid – tax to U.N. fund for aid.
Then from U N could be spent – money for development
for conditions human worth – for all populations.
Stop destruction on the earth, – stop war and starvation.

6. Hunger problems will not come to end,
Just by much more food production.
When the hungry have no money then,
they get no food to consumption.
Farmers to the market sell, – that best payment offer can,
so consumers must as well, – pay what market will demand.
Food from gardeners' growing here, – we have seen discarded,
when from southern countries were, – cheaper food imported.

7. Cluster bombs and nuclear weapon must,
be forbidden by conventions.
Why not as forbidden weapon just,
any kind of weapon mention.
That can people harm and hurt, – make destruction on the earth
Fire and bombardment – threaten the environment.
We environment protect – CO2 reduction.
War confines that effect – by all its destruction.

8. Human rights for all inhabitants,
must be guaranteed by conventions.
Are they broken, often punishment
will be boycotts and restrictions.
The result will probably – be increased poverty.
Populations will not see – any more democracy.
Stop dictator leaders can't – boycott and restrictions.
In his people he will plant – hate to other nations.

9. All the people living on this Earth,
must respect all life so faithful.
Work for growth and livings human worth,
for all people very careful.
And wherever we may stay – must respect to neighbor pay.
Any blame for race or faith – nothing good will generate.
Hate and killing for revenge – have no good created.
If revenge will never end – all life is erased.

10. In the countries with democracy
ruling people are elected
Always must respect minority,
they should never be neglected.
Ethnic groups with lack of rights, – may result in bitter
fights, and in violence and hate – will not easily integrate.
Fight for voter's sympathy, – splitting populations,
giving party's policy – more polarization.

11. When poor people armed attack will make
On rich tyranny people
Still more money richest people make
Poor get still more miserable
The attacked themselves defend, – will on weapon money spend
Arms industry earning more, – stealing money from the poor
The resources spent on war, – will not help poor people
Arms industry earning more, – poor stays miserable.

12. All the children in the world must learn
to be good and honest people
not to fight, together take their turn
so, in peace all will be able.
To exist in harmony, – not at all so selfish be.
Work for the environment, – so disasters do prevent.
In sustainability, – moderate consumption,
Make an end to violence, – and become good citizens.

7. New hope (a dream?)

The image shows a musical score for the song 'New hope (a dream?)'. It consists of three staves of music in a 4/4 time signature, with a key signature of one flat (B-flat major). The melody is written on a treble clef. Above the notes, there are chord symbols: Dm, A7, Dm, Bb, A7, Dm, A7, Bb, A7, Dm, C, Am, C, Am, F, Am, Dm, A7, Bb, E7, A7, Dm, Bb, Dm, Bb, C, A7, Dm. The score ends with a double bar line and a first ending (1.) and a second ending (2.) marked with repeat signs.

Tekst & Melodi: ...Poul Pedersen © 1994 - PAXmusik.dk

1. Did we hear these words?

Statesmen signed a treaty,
to make peace on earth,
so all could live safely.
Just a dream, oh please,
tell it's what we heard.
Can we hope for peace?
no more war on earth?
Hope for future good for all
people in the world.

2. World's inhabitants,
thousand millions people, all
so hand in hand,
will in peace be able,
to build up again,
all this damaged world.
Will all troubles end,
will grow food to all
Will not mock for faith or race,
will just live in peace

8. Nineteen-ninety-four

The image shows a musical score for the song 'Nineteen-ninety-four'. It consists of six staves of music in G major, 4/4 time. The melody is written in treble clef. Chords are indicated by letters above and below the staff. The chords are: Am, F, C, G, Am, G, F, Am, F, E, Dm, Am, F^{ma7}, G, Dm, F, E, Dm, Am, Dm, Am, Dm, D5, F, E, Dm, Am⁷, Dm, Am, F, E, Dm, Am, Dm, Am, Dm, Am, F, F, E, Dm, Am, Dm, Am, Dm, Am, Dm, Am.

Tekst & Melodi: ...Poul Pedersen © 1994 - PAXmusik.dk

1. Nineteen-ninety-four had eighty years passed,
 since the world war one was started
 In the southern Jutland grand papa
 in German army sent to war.
 A Dane in German occupation,
 in war for his enemy's nation
 Sent from farm and wife and three kids,
 said that war would soon be ended.
 Modern civilized people
 would find the war too awful and evil.
 Democratic populations - would not go to war for nations.
 War is hard to prophesy, - took four years and a hundred days.
 Prophesy he could not either - all the wars the world had later.
 Wounded he went home again. - Wounded body, soul and mind

2. I am born in World War Two and I am Danish
 have read agriculture science.
 Graduated nineteen sixty-eight,
 and should be glad and satisfied
 But still the wars will keep me worried,
 and starving people makes me sorry.
 Too much spent on arms productions,
 that can only make destructions.
 should be spent on better fields
 that food to all the people could yield.

War industry profitable, - many poor lives miserable.
We will still use more and more, - instead of sharing with the poor
Our world was best defended, - when its hunger problems ended
You may call me socialist. - See the world as realist

9. Springtime

The musical score for 'Springtime' is written in 4/4 time with a key signature of one flat (B-flat). It consists of seven staves of music. The first six staves contain the main melody with various chords indicated above the notes. The seventh staff shows a final chord, F, and a double bar line. The chords used are: Dm, Gm, A⁷, Dm, B^b, A⁷, Dm, Gm, A⁷, Dm, Dm, C, Dm, C, F, A⁷, Dm, C, F, A⁷, Dm, C, Dm, F, A⁷, Dm, C, F, A⁷, Dm, C, F.

Tekst & Melodi: ...Poul Pedersen © 1994 - PAXmusik.dk

1 Light and spring came here again,
 after winter darkness
 To the body soul and mind
 giving strength and gladness
 From the recent frozen earth,
 small green sprouts are breaking.
 And a lot of busy birds
 merry tunes are singing.
 Lovely springtime sun
 Much are passing on
 Fast the springtime runs.
 Much has to be done

If you do not like the springtime weather here,
 look around the globe and try to tell me where,
 everything can match our little country dear,
 this good little Denmark dear.
 If you do not like the springtime weather here
 look around the globe and try to tell me where
 everything can match our little country dear
 this good little Denmark.

2 Making clean and killing weeds
 Chemicals can make it
 Very effective indeed

Labour cost is saved
We more time for leisure get
Time for recreation
More and more of things we get
And more of pollution
But it will not hurt
Sink just in the earth
We not yet have heard
Something much alert

Maybe in the future many years ahead
Other people can from it some problems get
But in our time we are not worried
In our little Denmark dear.
Maybe in the future many years ahead
Other people can from it some problems get
But in our time we are not worried
in our dear old Denmark

3 Far too many unemployed
other works immensely
extra salary get paid
times can seem so strangely
If an unemployed apply
often get the answer
later you again can try
now there is no work here
tell us now indeed
would you self believe
you are qualified
when you're unemployed

if you are approximately twenty-five reference
from a lot of years with work can give
and we to your salary get subsidies
maybe here a job we have
if you are approximately twenty-five
reference from a lot of years with work can give
and we to your salary get subsidies
maybe we have job here

4 Police and authority
they must be respected
if not our democracy
shall be quite neglected
The elected parliament
laws and rules are giving
so the population then
safely here are living
Is democracy
riots brutally?
fights against police?
gangsters in the street?

Are we in a good and fair democracy?
breaking rules of human rights integrity
if we punish brutal destructivity
In our little Denmark dear.
Are we in a good and fair democracy?
breaking rules of human rights integrity
if we punish brutal destructivity
in our dear old Denmark

10. Summer time

The image shows a musical score for the song 'Summer time'. It consists of four staves of music in 4/4 time. The first staff is the melody, starting with a C major chord. The second staff is the accompaniment, starting with an E minor chord. The third and fourth staves continue the accompaniment with various chords including E7, Am, Dm, and F. The score includes chord symbols above the notes and a final cadence with a C major chord.

Tekst & Melodi: ...Poul Pedersen © 1996 - PAXmusik.dk

1. Pleasant summer day. After winter dark and grey,
 in the spring in May, welcome to the summertime we say.
 Leaves so green and bright. Birds are singing with delight.
 We adore the summer light.
 Summer time we love, when the green wood grow,
 and the short and light nights glow. Summer now.
 Garden flowers and trees, and on farmland we,
 an abundant growth can see. Good for the economy

2. Summer time we like, sing and drink, a toast we take,
 An applaud we make, to our little good old Denmark's sake.
 Here we can live good,
 live with little less we could. Many others need more food.
 Here we free can seat, can buy things on debt,
 aquavit and herring get, fly with jet.
 We can also tend. Good environment.
 Sport and culture life attend. Could we call it happy end?

11. In Denmark

The musical score for 'In Denmark' is written in 2/4 time with a key signature of two flats (Bb and Eb). It consists of seven staves of music. The first six staves contain the melody and chords, while the seventh staff contains a bass line. The chords are: Bb, Gm Cm F7 Bb, Bb Gm Cm F7 Bb, Bb Gm Cm F7 Bb, Bb Gm Cm F7 Bb, F7 Bb F7 Bb F7 Bb Cm, F7 F7 Bb F7 Bb F7 Bb, and Cm F7 Bb.

Tekst & Melodi: ...Poul Pedersen © 2007 - PAXmusik.dk

1. In Denmark people can in peace and safety stay
 With freedom to choose faith and meaning say
 No earthquakes or volcanoes make destruction bad
 from storm we not so often have disasters had
 The Danish summer in the short and light nights glow
 Where birds are singing and the green wood grow
 Where gardens have so many pretty flowers now
 And sun and rain enough so crops in fields can grow
 Around the shores in Denmark we, good sandy beaches see
 The nature in the lake and woods, we find so very good
 The climate here is moderate so here it can be said
 For people here in Denmark after all it's not so bad.

2. With bridges, flights and ferries we can travel here
 From isle to isle around and everywhere
 With bus and car the traffic flow on road and street
 on railway also often train on we get
 A lot of good new houses are in Denmark built
 Get energy and water steady still
 with hospitals here we can be fairly satisfied
 In schools the pupils can much useful knowledge get
 With radio and TV telephone and internet

we news and knowledge from the whole wide world can easily get
supplies in shops are adequate so here it can be said
For people here in Denmark after all it's not so bad.

3. From regular elections to our parliament,
we get our democratic government.
Electing to the parliament for Europe we
get influence on politics of EEC
Disaster help and developing aid we yield
and care for world's environment we will.
Responsible our global duty realize
Not only think in national and selfish ways
Much hunger and disaster we can see on our TV
While our consume in Denmark are increasing steadily
While more unsatisfied we in Denmark seem to be
Could something here in Denmark be a little bad indeed

12. November song

The image shows a musical score for a song. It consists of three staves of music. The first staff has a treble clef and a key signature of one flat (B-flat). The melody is written in a simple, folk-like style. Above the first staff, the following chords are indicated: C, G/H, Am, G, C, G⁷, C, G, Am. Below the first staff, the following chords are indicated: Dm, G⁷, C, C, Gdim, DmG, C, Dm, Em, G⁷, Dm, G⁷, C. The second staff continues the melody with the following chords below it: Dm, Em, G, Dm⁷, G⁷, C. The third staff continues the melody with the following chords below it: Dm, Em, G, Dm⁷, G⁷, C.

Tekst & Melodi: ...Poul Pedersen © 1995 - PAXmusik.dk

1. In the dark and grey November, we the sun so scarcely see
Rain and wind will tear in roof and trees. The days will shorter be
The winter time is near,
We shall not here be mourning in northern countries here,
long summer days returning with light and growth next year

2. In November, budget for the state for next year shall be made.
When we all a little more shall get, concluding can be said,
much tax so must paid.
We should not be complaining, in our Nordic wealth,
better life conditions gaining, than almost nowhere else.

3. Far too many wars the world have still and war no food can yield.
Far too many grow much richer will from what destroy and kill.
So sad it makes me feel.
We should not be complaining, however in the north,
much less we should be taking, more fair should share the earth

13. Hope for Christmas peace

The image shows a musical score for the song 'Hope for Christmas peace'. It consists of four staves of music in G major, 4/4 time. The first three staves contain the melody and chords, while the fourth staff is a blank staff with a common time signature 'C' above it. The chords are: Dm, C, Bb, Am, Dm G, Dm, C, A⁷, Dm, G, G, G, G, G⁷, G⁷, G⁷, G, Dm, G⁷, C, C/H, Am, Dm/E, F, G, Dm, G⁷, Am, Em, Dm, G.

Text & Melody: ...Poul Pedersen © 1992/1993 - PAXmusik.dk

1. Bells of church are ringing in dark wintertime,
 still the message bringing: Here is Christmas time
 Christmas despite hunger, war and crime occurs:
 peoples strive for mammon are leaving trace on Earth
 Thanks to Thee almighty Lord For Thy Christmas word.
 Hear this humble prayer please: Mercy bring us peace.

2. Candle lights are melting freezing heart and soul.
 Christmas message telling in the time so cold.
 Telling us that Jesus, came to our world,
 free of darkness power us guiding over all.
 Thanks to Thee almighty Lord, that Thy Christmas word,
 can bring out to every place hope for Christmas peace.

3. As the shining star led wise men to his birth.
 Christmas message widespread hope for us an Earth.
 Holy infant Jesus. message of his birth,
 Wishing peace for all of us all over the Earth.
 Thanks to Thee almighty Lord give us on Thy word,
 to live helpful, never cease - humane life for peace.

14. The Emperors' new clothes

The image shows a musical score for the song 'The Emperors' new clothes'. It consists of five staves of music in a 4/4 time signature. The melody is written in a treble clef with a key signature of one flat (B-flat). The chords are indicated by letters above the notes. The first staff has chords: F, Gm, AmC⁷, F, Gm, AmC⁷, F, Gm, Am D, Gm C⁷, F, Gm, AmC⁷. The second staff has: Dm, Dm, B^b C, Dm C, D B^b A, Dm, B^b, A A⁷. The third staff has: Dm, B^b, C, Dm, F, Dm⁷, B^b C. The fourth staff has: Dm, A, B^b Gm C⁷, F, Gm, Am, A, Dm, B^b A. The fifth staff has: Dm, A, Dm, A, Dm.

Tekst & Melodi: ...Poul Pedersen © 1997/2007 - PAXmusik.dk

1. What the fashion say - to the girls today
 Hard to find the trendy way
 Is it really cute to be partly nude?
 Dressed so tight as painted on
 But however time to time my thoughts so sudden goes
 To the fairy tale about the Emperor's new clothes
 Where in crowded street just one small boy would dare to mention
 Look this silly man is totally undressed
 Could we get more harmony between the populations?
 If we were a bit more dressed here in the west

2. Our culture is good, have it well we should
 It is threatened from abroad
 Art and culture we in museums see
 Movies, theatre and TV
 But however time to time my thoughts so sudden goes
 To the fairy tale about the Emperor's new clothes
 Where in crowded street just one small boy would dare to mention
 Look this silly man is totally undressed
 Could we get more peace between the different populations?
 If a bit less violent movies people watched

3. All this polemic, about politics
 and scandalous dramatic
 Laws and rules adjust, they so frequent must
 more still more wish all of us
 But however time to time my thoughts so sudden goes

To the fairy tale about the Emperor's new clothes
Where in crowded street just one small boy would dare to mention
Look this silly man is totally undressed
Could we get more peace between the different populations?
If not always all of us still more must get

4. Laws for which or what, and Headscarf debate,
and Headscarf debate,
can we no more wear a hat?
What shall we believe?
And where shall we live?
Shall we walk in boots or shoes?
But however time to time my thoughts so sudden goes
To the fairy tale about the Emperor's new clothes
Where so many people were afraid to show opinion
to the cheatings which their emperor could not see
could the different people get a better integration?
if all self-decide how they should dressed be

15. Globalization

The image shows a musical score for the song 'Globalization'. It consists of five staves of music. The first staff is the melody, and the subsequent four staves are accompaniment. The music is written in a key signature of one flat (B-flat) and a 4/4 time signature. Chord symbols are placed above the notes: F, G7, C7, F, G7, F, C, C7, C, C7, C, C7, C, C7, C, C7, F, C7, F, G7, C7, F.

1. We're financial well behaving

Here in Denmark so

On the budget cost we're saving

Keeps expenses low.

Save cost of labour, production outsource
our best financial force.

More unemployment for workers we see,
but financial not bad it will be.

In the lost industry field,
they can shops and houses build,
and a boom in building industry it surely bring us will.

From imports we much can buy,
and much cheaper prices pay,

where environment- and labour rules don't have not so much to say.

2. State and all administrations

Cut down more still more.

While the North Sea waves' erosion

Eats of Denmark's shore

Helpers to old and to disabled are cut

sewers and road's budgets cut

Who can indeed be permitted to pay?

Without being accused to betray.

Railway tracks are very worn

a bit welding melted on

soon the new I C four trains on them so carefully can run

With a smile it all we face

Our taxes will not rise

If the train is not on time we just our car can drive instead

3. Gross domestic product rising
we in Denmark should,
if we would be realizing
future welfare good.
Lot of commercials we get every day.
Buy now and much later pay.
Tax on consume gives good income to state
Even more when the oil price is high.
When we cheaply much import,
shops and stores earn more and more
Gross domestic product rise when all of us are using more
If a new car we will buy, also tax to state must pay
In our houses cheap can borrow in a very easy way

4. Say no to euro and union
Here in Denmark so
keep our national small nation
We intend to do
We will in Denmark it all self decide
We have a sovereign state
With luck and smartness we hope anyway
To get more from EU than we pay
We have car and modern house
We have fashion style of course
And by satellite much radio and TV we can choose
Still more inequality
not more worried we'll be
On vacation trip we very cheap can buy much luxury

16. Welcome

The image shows a musical score for the song 'Welcome'. It consists of five staves of music. The first two staves are the melody line, and the last three staves are the accompaniment line. The key signature is one sharp (F#), and the time signature is 4/4. The melody is written in treble clef. The accompaniment is written in treble clef. The score includes various chords and chord progressions, such as C, G, G7, C, F, and G7. The melody is a simple, catchy tune with a mix of eighth and quarter notes. The accompaniment provides a steady, rhythmic foundation with a mix of eighth and quarter notes. The score ends with a double bar line and a repeat sign.

Very welcome here to every guest we say,
who would join our party on this special day.
Looking forward to, this with pleasure were.
Celebrate it best we do, with all people sitting here
happy now let us go, on with celebration.
Let your sorrows be, drink a glass with me
hope the taste will fit your opinion
And despite some peoples' fights
we will cozy celebrate.
See bright sides of life and situation

17. Sun energy

The image shows a musical score for the song 'Sun energy'. It consists of three staves of music in a 2/4 time signature. The melody is written in the treble clef. The first two staves contain the main melody, and the third staff contains a bass line. Chords are indicated above the notes: C⁷, F, C⁷, F, C⁷, F, F, C⁷, F, F, C⁷, F, F, G, C, C, F, B^b/F, C⁷, F.

Text & Melody: ...Poul Pedersen © 2008/2009 - PAXmusik.dk

1. From the sun we all are getting – large amount of energy.
Sun is rainy clouds creating, – when it's shining on the sea.
From its heating winds are blowing, – making wind-mills turn around.
Sun light makes the green plants growing, – carbon dioxide is bound,
Oxygen to air is giving; – sun helps all alive in living.
2. Seen on website information, – sunlight can provide us all
with all energy consumption, – for all people in the world.
When the sun to us indeed, – can all energy provide.
No more oil and coal are needed, – no more carbon dioxide.
sun give energy production, – with environment protection.
3. On the roof on every building – solar cells shall mounted be.
And on all the vessels sailing, – solar cells we want to see.
Solar cells on greenhouse setting – under desert's sunshine hot,
better growth of green plants getting, – when they shelter shadow got
Solar cells on top of mountains – and in midnight sun surroundings.
4. Solar cells on cars and buses, – train and railways overall,
road and street and walls of houses, – on the sunny sided wall
The transmission nets connected – will improve stability.
Electricity not used, – can be loading battery.
Tidewater and waves on ocean – can keep many mills in motion.
5. Hurricanes by sun created, – when it's heating tropic sea.
Still they stronger generated, – will by higher heating be
If by solar cells were covered, – many floats across the sea,
they could make a lot of power, – and a cooling shadow be.
Can sun energy production, – give in hurricanes reduction?
6. Growth of green plants are consuming, – plenty carbon dioxide;
the environment improving, – if more green plants we provide.
Every place, where green plants growing, – must be treated properly.
Desert erosion avoiding, – must be handled carefully.
Wood and nature we however, – carefully must save forever.

7. War – with fire and explosion, – use a lot of energy,
giving CO₂ emission, – we as threat for climate see.
All the countries must together; – work for what us best defends:
Stop all war and work for better, – climate and environment.
More on sun cells could be spend'ed, – if all war and fight was ended.

8. Hunger just not ends if only, – farmers will be growing more.
If poor people have no money, – no more food they can afford
Farmers are on market selling, – that best prices offer can.
So must people who are starving, – pay what market will demand.
Help for people in starvation – could be growth and jobs creation

9. If in countries with starvation – solar energy was made.
Thereby growth and jobs creation, – from that energy they had.
Energy for more production, – to consumption and export.
For these countries' population, – make conditions human worth.
Sun light power can be giving, – all a good and healthy living.

10. About eighteen hundred ninety, – nitrogen problems they had
Went the mines in Chile empty, – farmers harvest would be bad
Now from open air in surplus, – fetch all nitrogen we can.
Similar the sun can give us, – all our energy demand.
Energy each week is sending, – what we all for years are spending.

11. Maybe the volcanos heating, could electric power make.
And where permafrost is melting, might methane gas we can take.
Heat pump from the seaside water, district heating can provide.
Thereby cooling seaside water, might disasters can avoid.
Nature power exploitation, with environment protection.

12. We resource must be saving, everywhere around the world.
Our groceries producing, nearest possible at all.
Health and growth and job creation, for all people in the world.
May reduce massive migration. Make conditions good for all.
Travel and transport reduction. Digital communication

13. Where the Woods are often burning maybe heat pump systems could
From the Woods fetch lot of heating, prevent fire in the wood
Heat can make sea water steaming, then the steam could be led up
Maybe rainy clouds creating right above the forests top
If we fire are preventing, CO₂ problems descending.

14. Somewhere too much rain is falling, – Elsewhere often no rain got.
Water to dry places moving, – Could avoid disastrous drought.
Then the green plants will be able, – To eat lot of CO₂
and give food to starving people, – And a fair existence too.
Supertankers could be freighting, – Water to the dry surroundings.
